viktor display cabinet (914),
17"w x 17.3"d x 78.7"h

The new Viktor dining table has a very characteristic design with a sculptural V-shaped base. The dynamic appearance of the dining table is emphasized by an undivided tabletop, a light push to the tabletop reveals the hidden extension leaf, which is easily put into place in continuation of the dining tabletop. The advantage of this base is that you can place the chairs around the dining table as you please, without having to consider the dining table legs. The dining table will seat 12 people when fully extended. The Viktor Dining Collection is available in the new wild oak, which is special cut oak with some occurrence of knots to give the wood a raw, varied, and yet balanced expression. Highboard and display cabinet come with LED lights. Made in Denmark.
